

## To:the INTERGLAD users

### **[Important Notice: Server Replacement]**

Thank you for using INTERGLAD.

We will inform you about the new server connection procedure in replacing the INTERGLAD server, please **change the setting by June 20** (the current server stop).

The Server replacement Schedule:

In May 23(Tue) the new server (**IP address: 153.121.91.149**) will start to operate work

In June 20 (Tue) Stop the current server (**IP address: 61.194.5.20**)

I . By the replacement, the IP address for the connection will change.

- ① In the case of the INTERNET edition use (same as in Trial edition use, the Ver.6 use)
  - **Add to Java exception site** ... **The Attached 1** **[MUST]**  
Open the Control Panel of Java8,7  
    \bin\javacpl.exe  
click the Security tab, and add **http://153.121.91.149** in exception site list.
- ② In the case of the Standard edition use
  - **Change the Server URL** ... **The Attached 2** **[MUST]**  
Server URL (Authentication) 61.194.5.20  
Server URL (Glass Property) 61.194.5.20 / gp  
Server URL (Glass Structure) 61.194.5.20 / gs  
Change from **61.194.5.20** to **153.121.91.149**
- ③ CD full function edition use
  - Setting Change is unnecessary.

II . About connecting with the domain name (www.interglad.jp)

Domain name is not changed, but it will be impossible to connect with the domain name during the domain transfer period.

Connection with the domain name (www.interglad.jp)

Before the transfer : It is connected to the current server.

During the transfer : It will be disconnected. (about 1day-1week)

After the transfer : It will be connected to the new server.

You can connect to the new server by changing the part of **www.interglad.jp** to **153.121.91.149** during the domain transfer.

- ① In the case of the INTERNET edition use (same as in Trial edition use, the Ver.6 use)
  - **Change your bookmarks** (favorites)  
**http://www.interglad.jp/interglad7/** → **http://153.121.91.149/interglad7/**
- ② In the case of the Standard edition use
  - HELP pull-down menu in the main window  
For **Manual, Glossary, Measurement of Property, Check Update**  
For example, the link for the manuals  
    **http://www.interglad.jp/interglad7/manual/index.html**  
If you need a connection, you can connect to the new server by changing the part of **www.interglad.jp** to **153.121.91.149** ... **The Attached 3**

III . We will change the link on Website of the New Glass Forum on May 23.

For example, Access to INTERGLAD from website ... **The Attached 4**

- Ver7 Internet edition
- Ver7 Standard edition system download
- Ver7 trial edition
- Ver6 Internet version

will be **connected (linked) to the new server from May 23.**
